(54) Title: METHOD/SYSTEM FOR ESTIMATING THE ORIENTATION OF A SEGMENT OF DIGITAL INK

(57) Abstract: The invention provides a method/system for estimating the orientation of a segment of digital ink using pen orientation information. In one form, the invention is a method of estimating the orientation of a segment of digital ink, the method including the steps of: measuring the azimuth of the pen at a sampling rate during writer generation of the segment of digital ink; and estimating the orientation of the segment of digital ink using the measured azimuth of the pen at sampled points.
